

Shimadzu GC, GCMS and GCMS/MS User Meeting

Shimadzu Scientific, a leader in Gas Chromatography and Mass Spectrometry, is proud to present the second User Meeting for these technologies in Sydney. Attendees will hear from a number of GC and GCMS expert users from a variety of backgrounds and industries. This event will give a great networking opportunity for all GC and GCMS users as well as update everyone on the latest technologies and applications.

Date: **Wednesday 3rd of April 2019, 09:00am - 12:30pm**, followed by lunch
